

eBNI2020 CHALLENGE TROPHY

PROBLEM SOLVING

SCORING SCHEDULE

Team Name: _____ No: _____

As this is unknown and detailed scoring might give it away, this is an outline of how it might work:

Task.....	500
Team Work.....	200
Leadership.....	100
Timing.....	200

If there is a time element, then the 'place algorithm' will be used:- $200/n \times (n+1 \text{ minus place})$ based on time taken.

Time:.....

Base judge to adapt scoresheet to reflect the actual problem.

Total Points Available : 1000

Points Awarded = _____

Time allowed: **1 Hour.**
